We will give you the names and addresses of these stores; there will be plenty of them, so you won't have to go out of your way, and we made sure they were the best before we gave them the right to use the Trade Mark of the UNITED STORES ASSOCIATION. Look for this Trade Mark; wherever you see it on a store window it means you are sure of full weight and measure, honest goods, fair treatment and the lowest possible prices.

Be Sure You Get Your Receipt. Every time you make a purchase in any of the UNITED STORES ASSOCIA-TION stores and pay cash, you will get a receipt, and when these receipts show that you have spent \$25, the paying teller at our main office, or any of our district offices, will cash them for \$1.50.

How We Can Afford to Do This for You.

We have a number of intelligent, capable organizers calling on the best store-keepers in each precinct, who sell all the necessaries of life, and these storekeepers are becoming Associate Dealer Members of the UNITED STORES ASSOCIATION. They are agreeing to pay us a certain percentage on every dollar's worth of goods they sell our Associate Purchaser Members for cash. They are doing this first, to get our members to buy from them; second, to hold their trade; third, because they know increased trade without corresponding increase in expenses will increase their net profit and enable them to wipe out unfair competition.

You Get Two-Thirds of All the Money We Receive.

Each dealer in each line pays the U. S. A. the percentage he can afford to pay on the cash business he does with our Members, according to the cost of conducting his business and his percentage of profit.

The different lines of business which will be represented by our Dealers follow: Grocer, Butcher, Baker, Confectioner, Dairy, Furniture, Dry Goods, Clothing, Boots and Shoes, Hardware and Crockery, Drugs, liatters, etc., etc.

The total receipts from all the merchants will be about 3% of the sum our Purchaser Members spend with them; two-thirds of this, or 6%, goes to our Purchaser Members when they present their receipts; one-half of the remaining 5% we spend in advertising the stores who are members to the people and explaining all the advantages of co-operation; the remaining one-half pays, or 1-6 of the amount, the expenses of the U. S. A. and the profit to its stockholders who have advanced the money necessary to make this enormous saving to the people possible.

ALARMING PREVALENCE OF ECZEMA

Finds Victims Among Every Race, Age and Condition.

Of all the diseases of the skin and scalp which torture and disfigure man-kind, three-fourths are eczematous. Millions are born with eczema, and it is the only thing other millions have left when they die. Neglect in infancy and childhood, irritating conditions affecting the skin, ignorance of its real nature, improper remedies and many other causes that might be mentioned have created an eczema which, with varying severity, has afflicted countless numbers during their entire lives. Eczema is a skin disease. It is not regarded as hereditary, nor contagious,
and is impartially distributed among
the rich and poor, the high and low.
The agonizing itching and burning of
the skin, causing loss of sleep, is usually
the most distressing symptom and is
caused by the bursting of little vesicles
filled with an acrid fluid which burns
as with fire the denuded skin. New
vesicles form, fill and burst, scales form
upon scales, and crusts upon crusts
until disfigurement is added to torture.
One of the most successful treatments numbers during their entire lives. Ec

until disfigurement is added to torture.

One of the most successful treatments for eczema, whether applied to the youngest infant or the oldest person, is hot baths with Cuticura soap and gentle anointings of Cuticura cintment. For more than a generation, these pure, sweet and gentle emoillents have proved the most efficient agents in the speedy and permanent relief of all forms of eczemas, rashes, itchings and irritations of the skin and scalp. Although Cuticura soap and cintment are sold by druggists and dealers everywhere, in order that those who have suffered long and hopelessly and who have lost faith in everything may make the of them without charge, a liberal sample of each will be mailed free to any address, together with a 32-page pamphlet, giving a description and treatment of the various forms of eczema, as well as other affections of the skin, scalp, hair and hands—send to "Cuticura," Dept.
